**Description**

I am sure some get tired of me talking about the longevity in a pedigree. In my opinion this is the factory and if the factory has many problems then we are in big trouble. Labor today is very difficult to find at any price. So having cows that have less problems is huge. We have talked about the goodness in the DDA Galatea 859 many times. Mother had her 4th calf in May. Grandmother DDA Kerry 1101 has had 11 calves.
