Birthdate 05/19/2023

Sire DDA Carrollton 45W

BW 83

WW ratio 114

CE 3

Scrotal 37

Final weight 1,071

Hip Height 49

Dams Udder 1

Dams Temp 1

Description

Another DDA Carrollton 45W son. One thing we look at are the number of calves sired by a particular sire. The 45W has many to choose from. Having many calves in a multi sire breeding group indicates that everything is ticking the way it is supposed to. No questions there are dominate sires. We feel those dominate sires will sire dominate sons and good trouble free females.

Quantity: 1
