**Description**

The DDA Trouble Free 60Y was a busy boy. Double bred to OCC Great Plains, might be part of the extra drive. We Love what the DDA Great Plains 77U has done. A almost full brother was sold to Tim Schaack in South Dakota, he has reported almost the exact same result. The only difference is that mother to Tims bull was a full sister of mother to 77U, DDAMelisa E808. I see Pinebank SE 10D also in pedigree. The 10D and 9D are almost full brothers also. Both out of the same great old cow.
