Description

Another good 60Y son. The DDA Trouble Free 60Y was one of those last minute decisions to use, when we discovered we would take about half of the heifers to Livingston Montana for grazing that summer. I was on the phone with a good customer and he said he had lots of grass and we had nearly none, due to drought. So we decided to take a cattle pot load one afternoon and the next morning we were on the road with them. The 60Y was on that group. Sometimes the best things that happen are shooting from the hip out of desperation.
