Description

The paternal grandmother is a full sister to our DDA Lodge E5H. The grandsire is the great cow maker OCC Great Plains 943G. The maternal grandsire is a bull we bought from Noble Angus in Wyoming. He is sired by DDA Favour 19H. So the DDA Trouble Free 151X traces to Lodge of Wye too many times to count. Also back to DDA Melisa 824 a number of times.

Note: Weaning ratio listed in catalog is incorrect.
