BW 66

WW ratio 109

CE 3

Scrotal 36

Final weight 1,060

Hip Height 49

Cow Calf Ratio 55

Dams Udder 2

Dams Temp 1

Description

Every time I see a son of the DDA Bar Lad 177U, I cannot help but to think of our great DDA Hana 940 cow. I am so excited to duplicate what she was. She stayed trouble free and in production for 19 years. On the bottom of this pedigree you will find DDA Lodge E5H and DDA Melisa 824 as his mother. Also DDA Zelda 855 is a Hyland BC 0668 back to our 580/368 cow family. The HAR Pinebank 443/202 as maternal grandsire will also be a positive.

Note: Weaning ratio listed in catalog is incorrect.

Quantity: 1
