Description

The DDA Good As Gold 27X is a bull that has caught my eye since he was a calf. His mother is a daughter of our great DDA Emblazon 27C and his Grandmother on the sire side is also a 27C. Our DDA Zelda E803 traces to the same cow family on the sire side, so the goodness that our DDA Melisa 824 brought to the table you will find many times in this great pedigree. We wrote "very good" across the board and great depth on our critique list on this DDA Blue Print 29R son.

Note: Weaning ratio listed in catalog is incorrect.
