Bay Stud Colt

Poco Bueno Bill (pending)

Sunday has always raised a very sharp baby, their minds are always great, and this year she produced the best "headed" colt ever. This guy is definitely a stud prospect if you're looking for Foundation. No guarantee on his color, Sandy Cue Tivio, bred foals have often changed colors into their 2nd and 3rd year, and with the roan up close, he may shed off a version of roan at some point.

Reference sire for Reindl Quarter Horses. KQH Frosted Poco 2022.

See documents tab for Registration papers for Dam of this lot.

Foals will be ready for pickup/delivery Sept 20th with the exception of Lot 12 which will be available Oct 1st.

With decades of selective breeding in the history, Reindl Quarter Horses is proud to offer this years lineup. These foals will follow in the footsteps of their older siblings, for confirmation, cow sense, athletic ability, and disposition, this is "Poco's second colt crop and has loaded most of them with color and chrome. Give them time to grow and learn and they will be the horse you were always looking for.

Lot 18 is a yearling version of the way these weanlings will look a year from now.

Since this only my 2nd year of raising roans I will not guarantee color.

All foals from Reindl Quarter Horses will either have papers or be applied for by sale time.

Lots 8 thru 22 are located at Bushnell, NE.
