CONSIGNOR: Dale Schnee

See documents tab for pedigree information.

This is a colt looking to shed off to that buckskin color as well.

He carries approximately 12.89% the blood of driftwood.

Sire: TKM Cool Blue Frost (Blue Roan) approximately 16.4% the blood of Driftwood and approximately 6.52% the blood of Lucky Blaton. Frost is an own son of the great Blaton Wood.

Dam: TKM Silk n Sanwood approximately 9.375% the blood of driftwood and she carries approximately 25% the blood of Sak Em San.

This colt is a good mover. Looks the part as well. Is quick and looks to be fast. Should mature out somewhere in that 15HH range, maybe a tinge more.

Packed with PRCA performers. He is bred to be there as well.

LOCATED IN LEOTI KS
